# Night lights, festive sights

Riverside's historic Mission Inn Hotel & Spa — always a beautiful place to visit — becomes a spectacular holiday showplace during the Festival of Lights.

Adorned with more than 3.6 million brilliant lights and more than 400 animated figures, the Mission Inn is the centerpiece of a celebration unlike any other. Entertainment, horse-drawn carriage rides, freshly fallen snow, ice skating and appearances by Santa Claus and his reindeer are among the highlights.

The 19th annual festival opens Nov. 25 with a celebratory lighting ceremony and fireworks display, and continues through Jan. 8.
